DANIEL FEELS ABANDONED, LOST, AND OVERWHELMED. HE DOESN'T KNOW WHERE TO TURN TO FIND HELP IN HIS COMMUNITY.

Daniel recently moved from Texas to North Dakota, with the promise of a better job. After two years of working a construction job that he enjoyed, he was laid off because of an economic slowdown. He was evicted from his apartment a few months later, when he was no longer able to pay rent. Daniel became homeless for the first time in his life. He didn't have any friends or family in North Dakota to turn to.

While staying at a local homeless shelter, Daniel learned about FirstLink's 2-1-1 Helpline. He decided to make the call to learn more. Just by making that one phone call, Daniel was connected to a caring and empathetic call specialist. They took the time to learn about all of Daniel's struggles. After learning what Daniel needed to get back on his feet, the call specialist connected him with a thrift store. This store offered clothing vouchers so he would be dressed appropriately at job interviews. FirstLink also connected him with an organization that could assist with his deposit and first month's rent. Now, Daniel can start living independently again. He finally found the hope and help he needed.

WITH YOUR HELP, FIRSTLINK WILL CONTINUE TO LINK THOSE SEEKING ASSISTANCE TO THE SERVICES THEY NEED.
